

One-Day Conference & Exhibition

Thursday, 10 November, 2011

Manchester United FC, Old Trafford, Manchester

DRIVING GREEN POLICIES FORWARD

For energy efficient heating coupled with renewables

Invitation to Conference & Exhibition

Organised by Grant Aided Heating Installers Network

How the Government, facilitated by energy suppliers and the industry, will drive green policies forward – for energy efficient heating and renewables. This will be explained at the third annual conference and exhibition organised by the Grant Aided Heating Installers Network, and sponsored by Worcester Bosch.

Setting the scene as Keynote speaker for the Conference, will be David Purdy, who heads the Green Deal team as Deputy Director at the Department of Energy & Climate Change (DECC). He will update delegates on the detail of Green Deal and progress to date.

Chairing the Conference will be Tim Pollard, Director of the Sustainable Building Center, Royal Leamington Spa, Warwickshire, who will also discuss the latest renewable technology now available. Similarly, Steve Lister, Worcester Bosch Group, will give an appraisal of the latest heating technology, as a leader in this field.

Other speakers are from OFGEM, talking on the Renewable Heat Incentive scheme in operation. Darren Green, Aspire Housing Association, and Jack Whyman, New Linx Housing Trust will present case studies on heat pumps, solar panels and other renewable installations.

This practical and well focussed conference will be of significant interest to Registered Social Landlords and other specifiers, energy suppliers, and the contracting and supplying industry for heating and renewables. Places are free for specifiers, including lunch and the diverse accompanying exhibition (see over). There will be opportunity to question speakers, raise issues and network... **and to visit the famous Manchester United FC.**

Programme

Morning session:

- 10.15 am** Coffee & Registration
- 11.00 am** Conference Chairman: Tim Pollard, Director, Sustainable Building Center (Wolseley)
- 11.15 am** The Government Green Deal
Keynote speaker: David Purdy, Green Deal Team, Deputy Director, Department of Energy and Climate Change (DECC)
- 11.45 am** The Renewable Heat Incentive Scheme in Operation
Jacqueline Balian, OFGEM
- 12.05 pm** GAIN the Professionals: Bryan Glendinning, Chairman, GAIN
- 12.25 pm** 3 C's Initiative - a Marketing Fund for the Priority Group
Steve Jones, Honeywell Control Systems Ltd
- 12.45 pm** Lunch and Exhibition Viewing

Afternoon session:

- 2.00 pm** A Renewable Future: Practical Microgeneration Solutions
Tim Pollard, Director, Sustainable Building Center
- 2.20 pm** Advanced Heating Technologies
Steve Lister, Worcester Bosch
- 2.40 pm** Retrofit Ground Source Heat Pump Programme
Jack Whyman, New Linx Housing Trust
- 3.00 pm** PV Installation & Behaviour Change - A Pilot Scheme
Darren Green, Senior Regeneration Manager, Aspire Housing Association
- 3.20 pm** Chairman: Highlights of the Day: Tim Pollard
- 3.30 pm** Close: Exhibition Viewing
- 4.00 pm** Tour: Manchester United FC

One-Day Conference & Exhibition

Thursday, 10 November, 2011

Manchester United FC, Old Trafford, Manchester

The Exhibition

THE EXHIBITION includes major suppliers showing heating boilers, controls & ancillary equipment; renewables including photovoltaic, solar panels, ground source heat pumps etc; and insulation measures. There will be opportunities to discuss your particular project with the experts.

FOR FURTHER INFORMATION on the Conference, exhibition or GAIN members' services contact Leonie Onslow on 01428 654011, or e-mail: conference@gainassociation.org.uk; fax: 01428 651401; www.gainassociation.org.uk

About GAIN

GAIN is the Grant Aided Heating Installers Network, working with installers of heating equipment and renewables and managing agents to upgrade the professionalism of the industry serving the grants and wider market – to the benefit of registered social landlords, specifiers and government departments.

The specifier gains a reliable and professional organisation; the managing agents gain enhanced delivery; and the installer gains credibility.

Application for places at the GAIN Conference, 10 November, 2011

Please return this form with payment to **GAIN, P O Box 12, Haslemere, Surrey GU27 3AH** or e-mail conference@gainassociation.org.uk; fax: **01428 651401**

	Insert number of delegates	Cost	Total	£
Specifiers (RSLs, builders, energy advice centres, government agencies):		£ FREE	£	0.00
Commercial companies (non-members):		£45 + 20% VAT = £54.00 each	£	
Members:		First two delegates £ free = £0.00 Additional delegates £35 + VAT = £42.00	£ £	0.00
